

We are still getting hounded by calls continuously from people we've never heard of. The worst part is, they're also extremely rude. Since, we registered to be on the DO NOT CALL LIST, the calls have slowed down, unfortunately, the people calling think it's their right to interrupt us and then keep us on the phone. New Jersey and I, am fed up with it and refuse to be bullied. Please do not weaken the Telephone Consumer Protection Act Docket -02-278, it's finally something the citizens of New Jersey really do stand behind. Thank you.
